

5G - TDF Point of View

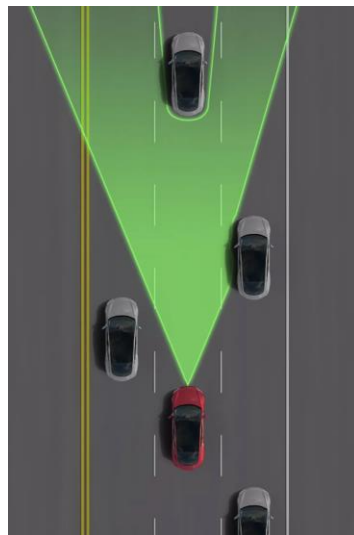

Jean-Louis Mounier
TDF Group CTO

Towards a 5G services ready infrastructure operator

5G infrastructure

**Enhanced radio and
fast connectivity**

5G services

**Growth opportunity
for infrastructure**

5G spectrum

**Towards spectrum
virtualization**

5G services oriented multimodal infrastructure

Internet of Things

**From consumer goods
to critical services**

Self driving cars

**Safety and reliability
oriented plus
entertainment**

Drones

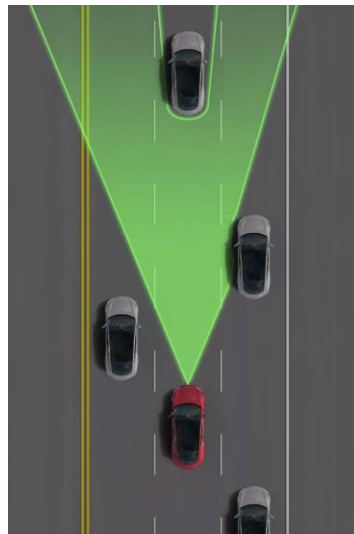

**Command and control
for Public Safety**

Towards a 5G services ready infrastructure operator
